has established the Pet Food Pantry. Just as C.A.A.R.T. comes to the aid of animals in a disaster, the Pet Food Pantry was born out of the great need in our community for aid during the financial disaster that some pet owners face in the current economic climate.

Pet Food Pantry Committee Members

Families in our community are facing heartbreaking choices. The average cost per month to care for and feed a pet often creates the decision that the pet is too expensive to keep. Can you imagine having to surrender your beloved pets?

## We have a mission!

To provide a temporary pet food supply to owners who might otherwise be forced to surrender their pets due to financial hardship.

## Your community needs You!

The C.A.A.R.T. Pet Food Pantry has been very blessed with the support of the public to fulfill our mission. We hold distributions on the first and third Saturday of every month. From June through September of 2009, the Pet Food Pantry has distributed 17,793 pounds of pet food to 253 families supporting 903 pets! The need continues to grow. Your support is invaluable in our efforts to continue to help area pet owners. Because we are able to buy quality pet foods at a discount, every donation is utilized to the fullest to bring food to family pets in our area. Follow the paws prints to see how to donate today!

Our volunteers work hard on distribution day!
